REF: Treaty for the People's Republic of Bangladesh's Debt Relief/Debt Forgiveness Initiative, National Master Plan Development and the 2030 UN Millennium Development goals.

Her Excellency, Sheikh Hasina,

Greetings from Global Infrastructure Development and International Finance Agency, (GIDIFA) a Specialized Agency of the United Nations located in Clark Freeport Zone, Mabalacat, Philippines. GIDIFA is a Sovereign organization that was originally formed in 1929 and that resumed its activities in 1984. GIDIFA is represented and led by the Honorable Angel Ferdinand Marcos, Secretary General and Global Ambassador for Peace and in his capacity as Monetary One (M-1). GIDIFA is a vehicle and structure that can engage in Sovereign Treaties and commercial contracts in order to utilize our Sovereign Royal Portfolio (SRP) as a tool to empower humanity.

This letter is respectfully submitted for your review and serves as our official proposal to initiate the dialogue, to discuss and to explore avenues of mutual interest in creating a custom tailored Sovereign Treaty for the People's Republic of Bangladesh. This Sovereign Treaty will be supported and underwritten as specified in the attached documents by a series of International Bills of Exchange (IBOE's) to:

1. Discharge 100% of the People's Republic of Bangladesh's National Debt and other selected obligations in order to strengthen its protection against any potential risk of default within the global economic community.
2. Underwrite up to 100% of the People's Republic of Bangladesh's Master Plan.
3. Underwrite 100% of the People's Republic of Bangladesh's 2030 UN Millennium Development Goals.

Representing GIDIFA in this endeavor with the People's Republic of Bangladesh is our Under Secretary of International Finance for Poverty Eradication, Dr. Peter Brower Wagoner who is authorized and empowered to confidentially and discreetly negotiate this Sovereign Treaty on behalf of and in cooperation with GIDIFA. GIDIFA humbly expresses that it is Ready, Willing and Able to provide the necessary Financial Resources to restructure and discharge 100% of the People's Republic of Bangladesh's external debt obligations and unfunded liabilities, inclusive of the acquisition of any toxic or non-performing debt obligations to the IMF, World Bank, International Development Bank, United Nations, and/or other Sovereign Nations including any other debt obligations as may be mutually agreed upon.

Please Note, Our Sovereign Royal Portfolio has been the underwriting structure for every Nation's economy along with the United Nations, World Bank and International Monetary Fund (IMF) since the Bretton Woods Agreement in 1944. In light of this SRP it is clear that we have a very unique relationship with the United Nations as a Specialized Agency. Therefore we request that our activities with the People's Republic of Bangladesh be kept very discreet and confidential during this most critical and sensitive negotiation period. We have further requested that until after the Global Treaty Signing event, that no listings, acknowledgments or public announcements be made either verbally or on the United Nations website. We trust you understand the sensitive nature of our position. Please be assured that GIDIFA's official United Nations status can be confirmed directly through our Head Office.

The merits of our offer herein must be considered and based on the facts as derived by our Royal Sovereign Jurisdiction, UCC Law Filings and for the absolute financial confirmation, please see the attached copy of the statements and declarations made in the 2007 Committee of 300 Sovereign Royal Portfolio Account Confirmation: On January 25th 2007 the Committee of 300 issued a document confirming our **Sovereign Royal Portfolio**, Master Accounts that contain over USD \$900,000 Trillion (Nine Hundred Thousand Trillion United States) in the various cash and gold assignments that were previously allocated for the benefit of each Nation and its people.

A Specialized Agency
of the United Nations

The very existence of our SRP and the relationship with the various signatories has been cloaked in secrecy, thus our identities and function have only been known to the world leaders. The original signatories who signed the past four principal Treaties, each as Royal Family members in their own right themselves, represented the collective interest of the various East Asian Royal Family members. They each were empowered and authorized to sign the various Treaties in which they collectively pledged a total of 6 million metric tons of gold and other assets. These four Treaty's were signed by such famous figures as Chairman Mao Zedong representing the People's Republic of China, President Chiang Kai-Shek representing the Republic of China, President Soekarno representing the Republic of Indonesia and President Ferdinand Emmanuel Edralin Marcos representing the Republic of the Philippines as both members of the East Asian Royal Family and as heads of State. In my capacity as M-1, I am following in a long-line of Royal Family members and leaders who were each endowed and bound by their sacred duty, obligation and responsibility to engage meaningfully in these various Sovereign Treaties in which each involved the pledging of our Sovereign Royal Portfolio assets as an underwriting guarantee and tool for fulfillment.

GIDIFA, under conditions to be agreed upon, will further commit to providing up to 100% of the necessary Financial Resources on an ongoing basis to achieve the ambitious Sustainability Program for 2030, based on 17 global goals for sustainable development to which the People's Republic of Bangladesh has subscribed along with the other State Members of the United Nations in accordance with the Millennium Development Goals (MDGs).

Within the first quarter of 2016, GIDIFA will be announcing the first ever, **Global Treaty signing event. This Treaty is the mechanism that we will employ to forgive the global debt in order to discharge the debt status for every Nation. This Treaty signing will give birth and usher in a new era of empowerment for the purpose of achieving sustainable peace and prosperity for all of the world's people.** This Treaty signing event will be hosted in the Philippines by the Honorable Angel Ferdinand Marcos, Monetary One (M-1) and attended by various Heads of States, First Ladies and Ministers of Governments.

The event planning and agenda details will be forthcoming. During this globally televised event we will unveil and announce our global strategic initiatives and empowerment strategies for every Nation. We will further discuss in great detail, the impact of our relationship with the United Nations, World Bank and the IMF as well as our reasoning for discontinuing from engaging in secret Treaties previously utilized for specific strategic initiatives.

Thus, in anticipation of this, it is our honor to request the privilege of your presence as our honored guest to participate in this extraordinary event in world history. This special invitation is also extended to your Minister of Finance and the Governor of the Central Bank of the People's Republic of Bangladesh. At this event we will be formally signing the Sovereign Treaty between GIDIFA and the People's Republic of Bangladesh as well as the Global Treaty for all participating Nations.

Special Notation, We have included by separate cover all of the confidential codes that can be viewed and confirmed on the Grey Screen relating to our IBOE's. We encourage your compliance team to conduct its preliminary due diligence and confirm GIDIFA's financial capacity to engage in such an undertaking before our first meeting.

We look forward not only to receiving your official letter of acceptance to this invitation but also to a series of private confidential discussions and are eager to hear about the development initiatives that are planned for the People's Republic of Bangladesh. We hope to collaborate on all significant plans to ensure sustainable peace and prosperity for the People's Republic of Bangladesh and the world.

Sincerely,

The Honorable Angel Ferdinand Marcos M-1
